

Laurinne J Balstad
Department of Zoology, University of British Columbia
laurinne.balstad@ubc.ca

Positions

2026- **University of British Columbia**
Postdoctoral researcher, King lab

Education

2025 **University of California, Davis**
Population Biology Graduate Group
MS 2023, PhD 2025

2021 **St. Olaf College, Bachelor of Arts**
Mathematics and Biology

Publications

- 5 **Balstad, Laurinne**, Baskett, Marissa, Carlson, Stephanie, Cunningham, Curry and Westley, Peter. Revisiting evolutionary rescue in the wild. Invited review for *Trends in Ecology and Evolution*, Accepted 2026.
- 4 Szuwalski, Cody, Alglave, Baptiste, **Balstad, Laurinne**, Olmos, Maxime, Punt, Andre, Richar, Jon, and Veron, Matthieu. **2026**. Density dependence modulates climate change impacts on easter Bering Sea snow crab. *J. of Applied Ecology*, 63(3), e70316 .
- 3 **Balstad, Laurinne**, Godwin, Sean, Krkosek, Martin, Lewis, Mark, and Baskett, Marissa. **2025**. Threshold-based disease treatment approach modulates economic, conservation and evolutionary trade-offs in sea louse-salmon aquaculture system. *Theoretical Ecology*, 18(1), 23.
- 2 **Balstad, Laurinne**, Fedewa, Erin, and Szuwalski, Cody. **2024**. Drivers of Bitter Crab Disease occurrence in Eastern Bering Sea snow crab (*Chionoecetes opilio*). *ICES J. of Marine Science*, 81(6), pp. 1073–1083.
- 1 **Balstad, Laurinne**, Binning, Sandra, Craft, Meggan, Zuk, Marlene, and Shaw, Allison. **2021**. Parasite intensity and the evolution of migratory behavior. *Ecology*, e03229–e03229.

Other publications

- 9 Urban, Mark and **Balstad, Laurinne**. **2026**. *Perspective: Evolution to the rescue. Science* 391, 6790.
- 8 Kinneen, Michael, Goodman, Maurice. C., Sulc, Anna, **Balstad, Laurinne**, ... [19 authors]. **2025**. Status of widow rockfish stock off the U.S. West Coast in 2025. *Pacific Fishery Management Council, Seattle, Washington [peer reviewed]*.
- 7 **Balstad, Laurinne**, Sullivan, Jane, and Monnahan, Cole. **2024**. A Plain Language Guide to Model Validation in REMA. White paper, *North Pacific Fisheries Management Council [peer reviewed]*.
- 6 Pinsky, Malin, ... **Balstad, Laurinne**, ... [17 authors]. **2024**. Evolutionary Resilience for Kelp: Prospects and Challenges. *Workshop Report, Monterey Bay Aquarium, University of California, Santa Cruz* . doi: 10.6084/m9.figshare.26882734

Manuscripts in the pipeline, available upon request

Jarvis-Cross, Madeline*, **Balstad, Laurinne***, Amy A. Briggs, Matthew Mensinger, Anjana Parandhaman, Eric Palkovacs, Marissa L. Baskett. Mitigating unintended consequences of population supplementation in imperilled host-pathogen systems. **Shared first authorship. In Prep.*

Balstad, Laurinne*, Brennan, Joeseeph*, [12 authors]. Eight quick tips for data-model integration. *In revision at PLoS Computational Biology*. **Shared first authorship*

Balstad, Laurinne, Ashby, Ben, Godwin, Sean, Krkosek, Martin, Lewis, Mark, and Baskett, Marissa. Predation dynamics shape sublethal virulence evolution in macroparasites. *In prep*.

Balstad, Laurinne, and Baskett, Marissa. Drivers of the likelihood of evolutionary rescue in response to novel diseases. *In revision at PNAS*.

Grants & Funding

2024	Jastro-Fields Small Grant, <i>University of California, Davis</i> , \$3,000 Undergraduate researcher stipend support
2023	Jastro-Fields Small Grant, <i>University of California, Davis</i> , \$2,775 Fieldwork travel/fees
2021	Graduate Research Fellowship, <i>National Science Foundation</i> , \$144,000
2021	Graduate Research Traineeship, <i>National Science Foundation</i> , <i>Sustainable Oceans NRT</i> \$34,000
2021	Dean's Distinguished Graduate Fellowship, <i>University of California, Davis</i> , \$27,000

Teaching

Summer 2025	Workshop co-leader , Introduction to R and poster making (9 lesson series), <i>University of California, Davis Ecology, Evolution, and Working Landscapes REU</i>
Winter 2025	Co-instructor of Record , Population Ecology, <i>University of California, Davis</i>
Winter 2024	Teaching assistant , Population Ecology, <i>University of California, Davis</i> <i>Curriculum development: Fisheries dynamics and management simulation lab</i>
Summer 2023	Teaching assistant , Marine Ecosystem Research and Management, <i>University of New Hampshire</i> <i>Guest lectures: Data Management; Ecosystem indicators: Bitter crab disease case study</i>
2022-Present	Pedegogy workshops, including "Seminar on College Teaching" [10 weeks, certificate], "Simplifying course design", "Creating successful Instructor/TA collaborations", "Practicing Equity in syllabus design"

Mentorship

2025	Undergraduate researcher, "Reintroductions and evolutionary rescue in host-pathogen systems"
2023	Undergraduate researcher, "Patterns of cohort resonance across Pacific coast fish stocks"

Presentations

2026	<i>Talk</i> , <i>University of British Columbia</i> , Mathematical Biology Symposium <i>Talk</i> , <i>Society of Mathematical Biology</i> , Population Dynamics Conference (Online)
2025	<i>Invited panelist</i> , <i>OneHealth Symposium</i> , <i>University of California, Davis</i> <i>Seminar</i> , <i>Center for Population Biology Seminar Series</i> , <i>University of California, Davis</i> <i>Talk & Session Organizer ("Evolutionary Rescue")</i> at <i>Ecological Society of America Annual Meeting</i> (Baltimore, US) <i>Talk</i> , <i>Max Planck Evolutionary Rescue Workshop</i> (Plön, Germany)

- 2024 *Talk*, Western Society of Naturalists (Portland, US)
Seminar, Center for Population Biology Seminar Series, University of California, Davis
- 2023 *Poster*, Western Society of Naturalists (Monterrey, US)
Talk, Alaska Marine Science Symposium (Anchorage, US)
- 2021 *Talk*, SIAM Dynamical Systems (Online)
- 2020 *Poster*, Society of Mathematical Biology Annual Meeting (Online)

Service

- 2025 University of California, Davis: **Center for Population Biology Postdoctoral Fellowship Committee**, Graduate Student Representative
- 2022-2025 University of California, Davis: **Ecology & Evolution Preview Program**, Co-chair,
Mentorship co-coordinator, Workshop presenter, Mentor
Program encourages students ($n > 150$) from underrepresented backgrounds to consider and apply to graduate school in Ecology & Evolution by making application process transparent
- 2021-2025 University of California, Davis: **Student Diversity Committee**, Member
- 2024 **Professors for the Future**, University of California, Davis
Professional development program, with service project "Chat with and editor: Understanding the hidden curriculum of publishing" (workshop series)
- Reviewer *Evolutionary Applications, American Naturalist, Ecosphere*

Outreach

- 2024 **Juneau Seaweed**: Modeling Science Bioenergetics for Grades 6-8
Collaboration with Alaska Fisheries Science Center, NOAA
Shinyapp with lesson plan linked: https://lauriebalstad.shinyapps.io/SAL_GROW/
University of Minnesota: Simulating selection on migration for Incoming Undergraduates
Collaboration with Martha Torstenson and Allison Shaw
Lesson plan: <https://qubeshub.org/publications/5103/2>
