

Laurinne J Balstad
Department of Zoology, University of British Columbia
laurinne.balstad@ubc.ca

Positions

2026- **University of British Columbia**
Postdoctoral researcher, King lab

Education

2025 **University of California, Davis**
Population Biology Graduate Group
MS 2023, PhD 2025

2021 **St. Olaf College, Bachelor of Arts**
Mathematics and Biology

Publications

- 4 Szuwalski, Cody, Alglave, Baptiste, **Balstad, Laurinne**, Olmos, Maxime, Punt, Andre, Richar, Jon, and Veron, Matthieu. **2026**. Density dependence modulates climate change impacts on eastern Bering Sea snow crab. *J. of Applied Ecology*, 63(3), e70316.
- 3 **Balstad, Laurinne**, Godwin, Sean, Krkosek, Martin, Lewis, Mark, and Baskett, Marissa. **2025**. Threshold-based disease treatment approach modulates economic, conservation and evolutionary trade-offs in sea louse-salmon aquaculture system. *Theoretical Ecology*, 18(1), 23.
- 2 **Balstad, Laurinne**, Fedewa, Erin, and Szuwalski, Cody. **2024**. Drivers of Bitter Crab Disease occurrence in Eastern Bering Sea snow crab (*Chionoecetes opilio*). *ICES J. of Marine Science*, 81(6), pp. 1073–1083.
- 1 **Balstad, Laurinne**, Binning, Sandra, Craft, Meggan, Zuk, Marlene, and Shaw, Allison. **2021**. Parasite intensity and the evolution of migratory behavior. *Ecology*, e03229–e03229.

Manuscripts in prep/in review

Balstad, Laurinne*, Jarvis-Cross, Madeline*, Briggs, Amy, Mensinger, Matthew, Parandhaman, Anjana, Palkovacs, Eric, Baskett, Marissa. Mitigating unintended consequences of population augmentation in host-pathogen systems, *in prep*. *Shared first authorship

Balstad, Laurinne*, Brennan, Joeseeph*, [12 authors]. Eight quick tips for data-model integration. *In submission at PLoS Computational Biology*. *Shared first authorship

Balstad, Laurinne, Baskett, Marissa, Carlson, Stephanie, Cunningham, Curry and Westley, Peter. Revisiting evolutionary rescue: A decade of progress. Invited review for *Trends in Ecology and Evolution*, *in revision*.

Balstad, Laurinne, Ashby, Ben, Godwin, Sean, Krkosek, Martin, Lewis, Mark, and Baskett, Marissa. Predation dynamics shape sublethal virulence evolution in macroparasites. *In* **Balstad, Laurinne**, and Baskett, Marissa. Evolutionary rescue and extinction risk across host-pathogen systems. *In prep*.

Conference reports and white papers

- 8 Urban, Mark and **Balstad, Laurinne**. **2026**. Perspective: Evolution to the rescue. *Science* 391, 6790.

- 7 Kinneen, Michael, Goodman, Maurice. C., Sulc, Anna, **Balstad, Laurinne**, ... [19 authors]. **2025**. Status of widow rockfish stock off the U.S. West Coast in 2025. *Pacific Fishery Management Council, Seattle, Washington*.
- 6 **Balstad, Laurinne**, Sullivan, Jane, and Monnahan, Cole. **2024**. A Plain Language Guide to Model Validation in REMA. White paper, *North Pacific Fisheries Management Council*.
- 5 Pinsky, Malin, ... **Balstad, Laurinne**, ... [17 authors]. **2024**. Evolutionary Resilience for Kelp: Prospects and Challenges. *Workshop Report, Monterey Bay Aquarium, University of California, Santa Cruz*. doi: 10.6084/m9.figshare.26882734

Grants & Funding

- 2024 Professors for the Future, *University of California, Davis*, **\$3,000**
Professional development program, with service project "Chat with and editor: Understanding the hidden curriculum of publishing" (workshop series)
- 2024 Jastro-Fields Small Grant, *University of California, Davis*, **\$3,000** *Undergraduate researcher stipend support*
- 2023 Jastro-Fields Small Grant, *University of California, Davis*, **\$2,775** *Fieldwork travel/fees*
- 2021 Graduate Research Fellowship, *National Science Foundation*, **\$144,000**
- 2021 Graduate Research Traineeship, *National Science Foundation, Sustainable Oceans NRT*
\$34,000
- 2021 Dean's Distinguished Graduate Fellowship, *University of California, Davis*, **\$27,000**

Teaching

- Summer 2025 Workshop co-leader, **Introduction to R and poster making (9 lesson series)**, *University of California, Davis Ecology, Evolution, and Working Landscapes REU*
- Winter 2025 Co-instructor of Record, **Population Ecology**, *University of California, Davis*
- Winter 2024 Teaching assistant, **Population Ecology**, *University of California, Davis*
Curriculum development: Fisheries dynamics and management lab
- Summer 2023 Teaching Assistant, **Marine Ecosystem Research and Management**, *University of New Hampshire*
Guest lectures: Data Management; Ecosystem indicators: Bitter crab disease case study
- 2022-Present Pedagogy workshops, including "Seminar on College Teaching" (10 weeks, certificate), "Simplifying course design", "Creating successful Instructor/TA collaborations", "Practicing Equity in syllabus design"

Presentations

- 2026 **Balstad, Laurinne**, Ashby, Ben, Godwin, Sean, Krkosek, Martin, Lewis, Mark, and Baskett, Marissa. Ecological context shapes sublethal virulence evolution. Talk, *UBC Mathematical Biology Symposium*.
Balstad, Laurinne and Baskett, Marissa. Talk, *Society of Mathematical Biology, Population Dyanmaics Online Conferance*.
- 2025 **Balstad, Laurinne**. Invited panelist, *OneHealth Symposium, University of California, Davis*
Balstad, Laurinne. Seminar, *Center for Population Biology Seminar Series, University of California, Davis*
Balstad, Laurinne, Baskett, Marissa, Carlson, Stephanie, Cunningham, Curry and Westley, Peter. *Talk & Session Organizer, Ecological Society of America Annual Meeting*.
Balstad, Laurinne, Baskett, Marissa, Carlson, Stephanie, Cunningham, Curry and Westley, Peter. *Talk, Max Planck Evolutionary Rescue Workshop*.

- 2024 **Balstad, Laurinne** and Baskett, Marissa. *Talk, Western Society of Naturalists.*
Balstad, Laurinne. *Seminar, Center for Population Biology Seminar Series, University of California, Davis*
- 2023 **Balstad, Laurinne** and Baskett, Marissa. *Poster, Western Society of Naturalists.*
Balstad, Laurinne and Szuwalski, Cody. *Talk, Alaska Marine Science Symposium.*
- 2021 **Balstad, Laurinne** and Clifton, Sara. *Talk, SIAM Dynamical Systems.*
- 2020 **Balstad, Laurinne,** Binning, Sandra, Craft, Meggan, Zuk, Marlene, and Shaw, Allison.
Poster, Society of Mathematical Biology Annual Meeting.

Outreach & Service

- 2025 **University of California, Davis:** Center for Population Biology Postdoctoral Fellowship Committee, Graduate Student Representative
- 2024 **Juneau Seaweed:** Modeling Science Bioenergetics for Grades 6-8
Collaboration with Alaska Fisheries Science Center, NOAA
Shinyapp with lesson plan linked: https://lauriebalstad.shinyapps.io/SAL_GROW/
University of Minnesota: Simulating selection on migration for Incoming Undergraduates
Collaboration with Martha Torstenson and Allison Shaw
Lesson plan: <https://qubeshub.org/publications/5103/2>
- 2022-2025 **University of California, Davis:** Ecology & Evolution Preview Program, Co-chair,
Mentorship co-coordinator, Workshop presenter, Mentor
Program encourages students from underrepresented backgrounds to consider and apply to graduate school in Ecology & Evolution by making application process transparent
- 2021-2025 **University of California, Davis:** Student Diversity Committee, Member
Reviewer *Evolutionary Applications, American Naturalist, Ecosphere*

Field experience

- 2024 **Eastern Bering Sea Bottom Trawl Survey,** Alaska Fisheries Science Center, NOAA
R/V Alaska Night, 22 days at sea
Salmon Coast Field Station, Sea lice counts, 10 days
